Ongoing development, monitoring and evaluation of our Local Curriculum

**Strategic Goal 1:** To Strengthen and celebrate the principles that underpin our positive culture of learning.

**Strategic Goal 2:** Grow the capability of teachers, leaders, and children to become agentic learners.

**Strategic Goal 3:** Progress the development of our David Street School Curriculum.

*Our school vision, values, learner assets and beliefs are demonstrated and sustained*

*Our positive learning culture is celebrated as being unique and valuable for promoting the success and wellbeing for all*

*Our staff, children and communities awareness of and response to the cultural contexts of all learners are deepened*

- *The identity including language and culture and history is embraced as teachers and children value what each brings to the learning table.*
- *Partnerships among children, whanau, community, and school are strengthened.*

*Leadership capabilities are strengthened for all learners including children and staff.*

*Equitable outcomes are achieved for all students*

- *Targeted approaches to learning are implemented to reduce disparity.*
- *agentic and collaborative approaches by teachers impact positively on all students*

*Assessment approaches are agentic, student centered and clearly aligned to schools valued outcomes.*

*Curriculum is refreshed to reflect cohesive pathways for learning and our community's valued outcomes*

- *Weaving the emerging National Curriculum Guidelines into our David Street School Curriculum*
